British Periodical Literature.

REPUBLICATION OF
The London Quarterly Review,
The Edinburgh Review,
The North British Review,
The Westminster Review,
—AND—
Blackwood's Edinburgh Magazine.

The wide spread fame of these splendid Periodicals renders it needless to say much in their praise. As literary organs, they stand far in advance of any works of a similar stamp now published, while the political complexion of each is marked by a dignity, candor, and forbearance, not often found in works of a party character.

They embrace the views of the three great parties in England—Tory, Whig and Radical—"Blackwood" and the "London Quarterly" are Tory; the "Edinburgh Review" Whig; and the "Westminster Review" Radical. The "North British Review" is more of a religious character, having been originally edited by Dr. Chalmers, and now, since his death, being conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order.—The "Westminster," though *reprinted* under that title only, is published in England under the title of the "Edinburgh Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It may therefore, enjoy the advantage by this combination, of uniting in one work the best features of both as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals, Blackwood's Magazine being an exact *fac-simile* of the Edinburgh Edition

TERMS.

For any one of the four Reviews,	$3,00 per annum
For any two do	5,00 "
For any three do	7,00 "
For all four of the Reviews,	8,00 "
For Blackwood's Magazine,	3,00 "
For Blackwood and three Reviews,	9,00 "
For Blackwood and the four Reviews,	10,00 "

Payments to be made in all cases in advance.

CLUBBING.

Four copies of any or all the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis.

EARLY COPIES.

Our late arrangement with the British publishers of Blackwood's Magazine, secures to us early sheets of that work by which we are enabled to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals. For this and other advantages secured to our subscribers, we pay so large a consideration, that we *may* be compelled to raise the price of the Magazine

☞ *Something may therefore be gained by subscribing early.*

*.*Remittances and communications should be always addressed, post paid or franked, to the Publishers,

PATENTS.
AMERICAN AND FOREIGN OFFICE,
And Agency of the U. S. Patent Office, Washington,
22 State Street—Boston.

THE subscriber, by appointment from the Commissioner of Patents, is Agent of the U. S. Patent Office for receiving and forwarding to the same, models, specimens or manufactures to be patented, or deposited therein, which will be sent *free of expense and risk*, and with despatch. He will prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, will make researches into American and Foreign works, to test the validity of inventions, and render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them; *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen* year's practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors, desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

DR. STEPHEN JEWETT'S
Justly and Highly Celebrated
Family Medicines.
Comprising the true
Health Restoring Bitters,
PULMONARY ELIXIR,
AND
Strengthening Plaster.

TRIED and proved by their continued use for the last fifty years, to be superior to any other preparations for the cure of every species of disease dependant upon

Impurities of the Blood, Derangement of the Stomach, Bowels and Liver, and all affections of the Lungs, Air Passages and Throat, as also Pain in the Bones, Joints, Side and Back, Rheumatism, Weak Stomach, Cramp, &c.

None genuine unless signed on the wrapper, "Stephen Jewett & Co." with a pen, to whom direct all orders.

Prepared by STEPHEN JEWETT, son of the late Dr. STEPHEN JEWETT, of Rindge, N. H.

Principal Office,—No. 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman:

RINDGE, N. H., April 1, 1849.

To all whom it may concern:

I, the undersigned, do hereby certify; that I was acquainted with the late Dr. Stephen Jewett from my childhood up to the time of his death, and having been his nearest neighbor, can testify to his medical skill and knowledge of Botany, with hundreds of others now living, and that in the year 1814 I was afflicted with jaundice, palpitation of the heart, pain in the side, and general debility, so as to be *unable to attend to any business* and being a neighbor of the late Dr. Stephen Jewett, I had recourse to his far famed *Bitters* and *Plaster*, and by their use was permanently cured. Since the above named date, I have used Dr. Jewett's medicines with equally good effect, as prepared by Stephen Jewett, son of the late Dr. Stephen Jewett, of Rindge, N. H., and I cheerfully recommend them to the public as safe and invaluable medicines;—and being composed entirely of vegetables, I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums. Try them, and judge from facts and experience. I consider Dr. Stephen Jewett's Strengthening Plaster far superior to any external application, for the purposes for which it is recommended, of any that I have ever known.

EBENEZER BLAKE.

DR. STEPHEN JEWETT'S
Health Restoring Bitters.

These Bitters, acting as they do upon the Stomach, Liver, and Bowels, removing all the morbid secretions, thereby purifying the blood and invigorating the digestive organs, not only cure diseases that already exist, but they also fortify the system against all attacks of disease. It is a common remark among those who have used Dr. Jewett's Bitters, that they have but little fear of being sick. The remark is strictly true, for while the stomach and bowels are kept in a good condition, and the blood pure, all the great predisposing causes are removed, and the whole system is fortified against those morbific influences, which under less favorable circumstances would have engendered perhaps fatal disease.

In order that the public may know that they are offered a truly excellent article, we append the following certificate, which may be seen, with numerous others, in their original, by calling on the proprietor.

BOSTON, May 15, 1848.

To all whom it may concern.—This may certify, that I have been for years troubled with a scrofulous humor, which has been very troublesome, and was fast undermining my health, and had severe pains in the back, loss of appetite, langour, and general debility.

A short time since I commenced taking Dr. Jewett's Health Restoring Bitters, and in a very short time my humors and pains left me, my appetite improved, and my health has not been so good for years, all of which I attribute to Dr. Jewett's Health Restoring Bitters.

(Mrs.) E. H. RUSSELL, Beach Street.

DR. STEPHEN JEWETT'S
Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused, either directly or indirectly by diseases of the Lungs and Chest. Why is this great sacrifice of human life? How happens it that the brightest intellects, of the highest promise, the hope and support of declining years, are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer, Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases, the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured,—if taken in season.

It is true these diseases can be cured with almost absolute certainty—if taken in season. Everybody should be aware of this fact, and provide themselves with Dr. Jewett's Pulmonary Elixer.

The following certificate, among numerous others which have been received, are appended for the benefit of those who desire to see certificates.

WINCHENDON, Mass., March 10, 1848.

Stephen Jewett—Dear Sir,—I feel it a duty to you and to the public generally, to inform you all, who may have been afflicted as I have, that I have been entirely cured of a severe and long continued cough, by one bottle of your Pulmonary Elixer.—For months I have been a great sufferer. I had pain in my left side, sore throat, constant cough, and raised a good deal of bad looking matter. My strength was gone, and my flesh was wasting away. I took many things without benefit, and was steadily getting worse, till I procured your Pulmonary Elixer, which has cured me, and I cheerfully recommend it to all who are troubled with coughs.

Yours truly,

THOS. CUMMINGS.

DR. STEPHEN JEWETT'S
Strengthening Plaster.

These Plasters possess the property of *removing Pain, curing Lameness, Cramp, Pain or Weakness in the Back, Joints or Side, Rheumatism, Weak Stomach, &c.*, and when used in connection with the Bitters, in Liver Diseases, will prove very beneficial in removing the secular pain between the shoulders, and in the side and back, well known to those suffering with such diseases. This Plaster, from the quality and quality given, is vastly cheaper than, and superior to, the "Poor Man's" or any other Plasters, and can be made any size wanted without waste. One roll will make five good sized Plasters. A single trial will be all the certificate necessary.

NEVER DESPAIR OF LIFE!

KELLEY & CO'S
HIGHLY CONCENTRATED
SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives

Annually!!

10,000 CASES

of SCROFULA cured by it this year, and **5,000** Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle, and then be far superior to any in use. It is put into the Bottle its FULL STRENGTH and power, without reducing it, and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak, Clumsy, Adulterated, Sickish, and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other, and Six Times Better, Safer, Surer, and Cheaper than all others. *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world; and CURES all the Sickness, KILLS all the Pain, and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH
KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES, stonishing as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla; and says "that there is no medicine in which he has so much confidence for **Diseases of the Lungs.**" Some will murmur at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England, "that there is no other medicine which is CAPABLE of doing so MUCH GOOD, and yet so INCAPABLE of doing injury." What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased, and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the **BLOOD** perfectly Pure, Rich, Healthy, Quick, Free, Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful, Strength wasting, Appetite gone, Pulse weak, or Feverish, Skin yellow, Nerves deranged. It restores Health, Strength, and Vigor, to every disordered function of the System—causing them to move on just as Nature requires. And for Its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient, or prolong his sufferings. But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfectly pure Blood, so that the cure is always thorough and permanent. Others only scatter, or back-en the disease, but this EXTIRPATES it wholly from the system—this saves the patient's life, while others endanger it. The whole body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors,** and Physicians always prefer it, for the sake of its Superiority. Try it, all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

It is for you, especially, that this Sarsaparilla is made, as the "HEALING ART" has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cared for as they ought; hence it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail. But this Sarsaparilla has the **SPECIAL** ability, to cure every Disease, Affliction, or Pain, which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

A NATURAL
HAIR DYE!

BALLARD'S IMPROVED LIQUID HAIR DYE is the best preparation that we have ever seen for coloring the hair. It will positively restore grey Hair to its original color, whether auburn, brown or black, surpassing in beauty even the most natural locks, retaining the gloss and softness of the original. Sandy, light or red hair can be matched with any darker shade.

From numerous laudatory testimonials, which may be seen at the manufacturer's wholesale depot, No 51 Cortlandt street, New York, the following, from the celebrated Cristadoro, of the Astor House, is presented.—

No 6 Astor House, New York, Sept 21, 1838.—Mr O. M. Ballard—Dear Sir—It is but justice to you to say, that of all the preparations for dying hair I have tried, none has answered so well the purpose, as your Improved Liquid Hair Dye, and with a great deal less trouble in using it than any other. I give you this testimony upon my solemn conviction that it is worthy the patronage of all who may wish to exchange gray, light, or red hair for a beautiful auburn, brown, or black; and from the peculiar softness and lustre which it imparts to the hair, the ladies cannot but give it a decided preference. New Hampshire Election.

The Whig candidate is Mr Chamberlain the Free Soil, Mr Berry, and the Democratic Mr Dinsmore, for Governor No doubt the Democratic candidate has been elected, and likewise a majority of Locos to the Legislature The Whigs of Ports mouth remained in session all night, and at six o clock on Tuesday morning, after having been at the polls twenty hours, had the satisfaction of knowing that the town had elected seven Whigs to the Legislature in place of seven Locos last year Among the seven elected is Col Charles W Cutter Manchester, under the law by which the wards voted independently for Representatives, has chosen 4 Whigs and 4 Locos Keene elects 3 Whigs, and Concord 2 Locos Nashua and Nashville elect Whigs, as usual

In sixteen towns, Gen Wilson, M C gains 381 votes on the poll of 1847 when his majority was about three hundred in the district The most determined opposition appears to have been to Mr Tuck The vote in that district is very large, and although Mr Tuck s vote is largely increased, there is a net loss of several hundred against him, but as his majority was about 1500 in 1847, no doubt he is elected

LATER

It is now ascertained that there is no doubt of the election of Gen Wilson and Mr Tuck to Congress each by from five to eight hundred votes Peaseley and Hibbard Locos are also chosen Mr Dinsmore, Loco, is elected Governor

The London Shipping Gazette, speaking of the statement that our Minister at London, was ready to sign a convention of reciprocity in the navigation laws, save that the story is a free trade *gammon*, which might go down well enough with the free-trade party in the house of Commons, but were the President of the board of trade to utter such nonsense in any commercial circle in Liverpool he would be laughed at

We hardly believes that Mr Bancroft would have rashly put himself in such a position but we find that the expression attributed to him was quoted by the President of the Board of Trade in Parliament on the 14th ult, and as the steamer sailed on on the 20th there were ten days left him for contradiction, and no contradiction announced, we were bound to believe that the Minister had given ground for the statement, which so pleased the English free traders Mr Webster s resolution calling on the President for information in the premises, will bring out the facts

The Shipping Gazette, as will be seen from the following extract, seems to understand the value of *such* a declaration of the minister better than most of the English newspaper writers, who can hardly advert to this country, without owning their ignorance of its internal policy

"Mr Labouchere (President of the Board of Trade) will have a long tenure of office if he remains in power to see an English vessel taking a cargo from Boston to Baltimore, or from New York to New Orleans Besides Mr Bancroft is neither the Congress nor the Senate of the United States, nor will he long be the minister of that power

☞ The March number of the Scalpel, Dr Edward H Dixon s journal of health has been received It cuts up all systems which rely upon any means for the cure of disease other than nature s medicines, air, warmth, food, water, and sleep, or in other words which violate the laws of nature instead of cooperating with those laws

The Scalpel is a bold and able publication and is designed for the instruction of the people on the subject of preserving health and curing diseases

The Scalpel is published at New York quarterly at $1 00 a year

☞ St Patrick s day was celebrated in this city on Saturday last by the Bangor Catholic Temperance Societies, in beautiful style There was a great procession accompanied by the Belfast Band, religious services at St Michael s church, and a public dinner at Market Hall, where toasts and speeches, music, song and sentiment lent their enchantments to the occasion The day was pleasant and all passed off to entire satisfaction

Mr Greeley's Lecture.

Nothing further need be said to secure a thronged house at the Lyceum this evening than the simple announcement that Horace Greeley will lecture upon the American Congress — Those who mean to secure seats must go early

Not so very Muddy after all.

The editor of Louisiana paper exults over the improved condition of the streets, He says the mud is nothing like as deep as it has been, for he is able to see above the liquid dirt, the ears and a small portion of the heads of a mule team that was driving along

☞ The Pecan crop, once in three years, is a great affair in Texas It is considered equal to the Cotton crop, for one hand can gather from one to three bushels a day, and the picking season lasts from six to eight weeks It is estimated that this year 50,000 bushels of pecans would be exported from Guadalupe alone, which bring more than $1 a bushel on the spot

☞ Senator Houston is out in a letter, in the National Intelligencer, in a somewhat bitter reply to Mr Calhoun, who, it seems, attacked him in a speech at Charleston Mr H repudiates Mr Calhoun as the Protector of the South, and loudly proclaims his love for the Union

Mr Benton is about to proceed to Missouri, for the purpose of thoroughly canvassing the State A formidable opposition has been organized against him in the State, on account of the course adopted by him on the slavery question

The Mequandya Barclayana is one of the prettiest little shrubbers, with its large bright flowers that decorated, any of the flower gardens in this vicinity the last season

☞ Hiram W Jewell has discontinued the publication with the Cold Water Fountain. That paper will hereafter be published by Weston & Palmer

The following is from the Washington correspondent of the New York Journal of Commerce of the 7th inst

"Gen Taylor has said that were he himself a civil officer and should oppose the election of a Presidential candidate, he would deem it a point of honor, if that candidate were elected, immediately to resign his place This may be the basis of the General s rule, and if means can be turned out, for lack of that sense of honor which ought to be a requisite in public officers

☞ The Ladies of St James church at Old Town, will hold a sale of useful and fancy articles at Codman s Hall, every afternoon and evening during the present week, commencing on Tuesday The public are invited by them to attend

☞ Mr Hopkins Juvenile Class are to give a Grand Floral Concert at Market Hall, on Thursday evening of this week It will be a musical treat

☞ There is a very general wish expressed that the Lyceum should occupy some one of our largest churches during the delivery of Mr Greeley Lectures on this and tomorrow evening If any such arrangement should be made it will be noticed by bills

☞ We received on last evening three mails from New York and two from Boston

☞ Joseph Stevens appointed by Mr Polk a Cadet from this district is the son of Gen Joseph C Stevens of this city

☞ The second officer of bark Rio Grande, at Buenos Ayres, is stated to have been stabbed by one of the seamen, and to have received a dangerous wound

☞ The city council will be organized on this forenoon, at the City Hall The Mayor will deliver his annual address

☞ Hon Elijah L Hamlin delivered a lecture on Arnold s Expedition to Quebec before the Mechanics Association on Friday evening last The Hall was crowded and the lecture gave very great satisfaction

The Postmaster General.

We learn from the National Intelligencer that a large number of the citizens of Vermont then in Washington waited on Judge Collamer the new Post Master General on Thursday last with an address of congratulation The interview appears to have been very interesting and it is said that every Vermonter in the city was present The following was the reply of the Post Master General

I thank you gentlemen, for this friendly expression of your regard for me personally and for the kind manner in which you have received my appointment The appointment was doubtless intended however as a compliment to Vermont and not as a reward for any services of mine or any merit which I may possess In this view it may well be gratifying to us all that the long tried and never failing virtue and integrity of our State has at last been rewarded by a Cabinet appointment Ours is the only Whig State in the Union which has never swerved from the political faith and almost the only one which has never shared in the general Government We have always been appealed to in the day of trial It is right we should be remembered in the of day triumph This was doubtless the main ground on which the appointment was conferred upon me It is a most responsible and laborious post to There are seventeen thousand different post offices in the country, and all requiring constant care and vigilant supervision But however difficult and burdensome my duties may be I shall *endeavor* at least faithfully to discharge them And whatever ability I may bring to my aid in the administration of the Department which has been committed to my charge I need not assure you that the character of Vermont for integrity and virtue will never be compromised by me

☞ The late Secretary of War previous to his retiring from office, gave the following names to new fortifications now being erected by government The fort at the narrows of the Penobscot river, Me *Fort Knox*, fort on Governor s Island, Boston Harbor, Mass, *Fort Washington*, fort on Rouse s Point N Y, *Fort Montgomery*, fort at Black Rock N Y *Fort Porter*, fort at Spring Wells near Detroit, Mich, *Fort Wayne* fort at Grand Island, Platte River Oregon route, *Fort Kearney*

Androscoggin Railroad.

The Portland Advertiser contains a preliminary survey of the Androscoggin Rail Road by W A Williams, civil engineer This road is to commence at a station on the Kennebec and Androscoggin road in Greene, and goes up through Leeds, Livermore and Jay to Farmington The road is said to be easily made — We shall publish the report in our next We have never doubted that a rail road up the Androscoggin would be made at some time and perhaps be extended to Farmington There will also be a road down the Sandy River to the Kennebec at some point The water power on the Androscoggin and Kennebec will both be improved to a vast extent and railroads on both reaching through their whole length to the sea [Ken Jour

Strawberries, instead of being suffered to "run wild, in the beds, should be planted in drills, and kept so This arrangement greatly facilitates the cultivation, and secures an appearance of system and neatness not attainable in any other way Frequent hoeing is as beneficial to the crop, as it is to corn On both strawberries and tomatoes lime produces a most excellent effect When systematically applied, it tends to restrict or diminish the development of haulm and promote that of the fruit This fact is well understood by most practical gardeners

John Van Buren was in company with the Vice President elect, when the latter passed through this place Mr Van Buren as usual was full of fun and sarcasm Some chaff started from the Depot, rather suddenly, Mr Fillmore, who was standing upon the moment, and bowing to the crowd, nearly lost his balance Whereupon Johnny inclined the arm, and exclaimed, "Ah! Mr President I must give you my support after all" — Bridgeport Standard.

Great Fire in St. Jhons, 100 buildings destroyed.

Bangor, Me.
Wednesday eve, March 14

Scarcely had our citizens been fairly roused from the turmoil occasioned by the recent fire in King s Street, before we are called upon to witness a still more disastrous conflagration, which has just befallen our devoted city About 3 o clock this morning, the inhabitants were aroused from their slumbers by the alarm bells—from the glare which at that early hour was visible it was evident that the fire had made considerable headway, unseen by mortal eye When first discovered, the flames were running along the roof of the barn in the rear of the house owned and occupied by Capt Thomas W Smith, in George s street, which rapidly extended to the adjoining buildings, and in a very short space of time the whole range of dwelling houses situated on that street, and occupied by Mr John Bryden, Mr John Thompson and others, were on fire

A strong wind prevailed at the time from the north and drove the flames on the range of buildings fronting on Union street, and soon enveloped them in one sheet of livid flame, which shot up towards heaven, illuminating the darkness to a great distance The fire soon spread to the large range of buildings fronting on Mill street, sweeping both sides of this street, and running down into Drury Lane and Smyth street

It is impossible for us at this hour to ascertain the names of the principal sufferers by this calamity or even to tell with certainty the number of houses destroyed The description of the boundary however will give some idea of the extent of the conflagration

From Washington.

Washington, March 14

The Shields case was resumed in the Senate Mr Calhoun moved to amend the resolution of the committee, by adding thereto a modification that Shields was ineligible at the commencement of the term for which he was elected

A long debate ensued, in which Mr Webster, Rusk, Douglass Atchison Shields, Seward Hale Calhoun and others participated—in the course of which several other unimportant modifications were suggested

Mr Foote, at the request of Gen Shields, withdrew his motion to postpone the subject until the next session, and then Gen Shields tendered his resignation

Mr Webster objected to its reception, on the ground that Gen S had no power to resign

Mr Cass moved to lay the whole subject on the table, which was lost

A debate ensued, as to whether, if General Shields resigned, the Governor of Illinois could fill the vacancy

A motion to postpone until to morrow was carried

On motion of Mr Hale, Gen Shield s letter of resignation was then read

Mr Hale then moved that the President of the Senate inform the Governor of Illinois, of the resignation

Mr Berrien moved to postpone the further consideration of the subject till to-morrow, which was agreed to

The Senate then went into executive session and several unimportant nominations were confirmed

Cor of the Journal of Commerce
WASHINGTON, March 10th

Great consternation was produced, to day by circulars sent from the heads of the departments to all the heads of the bureaux requesting a statement of names salaries, duties birth places politics character qualifications date of appointment &c, of all the clerks in the respective offices The object is doubtless to enable the heads of the departments to discharge in an intelligent manner the duty devolved upon them of removing those clerks who may be deficient in the requisites demanded by General Taylor in his inaugural platform

It is now understood that the law creating the Department of the Interior, transfers to the Secretary of the Home Department all the patronage of the Indian Department, which, in the West is extensive, and issues of great political influence, and all the patronage of the office connected with the public lands, which is vast and increasing and another great field for political operations Besides all this, the Secretary has under his direction and patronage the Patent office, with a very considerable influence attending it

Then he has the same power over some minor public establishments It appears that all this is the result of a new construction of the Act—doubtless its proper end and intended construction,—but it was not understood when the Act passed in so great a hurry through Congress, that the new Secretary thus created, was to have the same power of removal and appointment (subject, of course, to the direction of the President, over all these offices, which had been exercised by the Secretaries of State and War, and of the Treasury, to which they were heretofore attached

I know that it was understood by many in Congress, that the Act did not separate the above mentioned bureau from the appointing authority of the State, War and Treasury departments, respectively But it turns out that the official importance of these departments is much diminished by the Act, and that the head of the Home department is to have a field of patronage unexampled in extent, except by the Post Office establishment

The California Revenue Act, which passed in the last hour of the session, is a very excellent measure, and was intended by the Whig Committee of Ways and Means of the House, to stand instead of other provisions for the territory which it was foreseen would not pass at this session

It will, with a very liberal construction, give the President authority to act greatly in the preservation of peace and order, and the protection of the rights of the United States within the Territory

☞ It is said that General Taylor has written to General Scott, inviting him to return and make Washington his head quarters

Aaron Burr when Vice President, presided in the Senate, where it appears that he evinced an almost despotic authority, without any show of partiality. Towards the close of his term, the celebrated impeachment case of Judge Chase was tried before the senate. On one occasion, Mr Key, in conversation with the Judge took his chair in the chamber in his great-coat during instantly sent for Sergeant at Arms, with the complaints of the Vice President, to inquire of Mr Key whether it was the coat to sit without it It is needless to say that the objectionable garment was immediately removed

Destructive Fire.

CALAIS March 17

At about 10 o'clock last night a fire broke out in the brick buildings on Union wharf in this place, all of which (six in number) were totally consumed They were occupied as Flour and Provision stores and warehouses

The fire having made considerable progress before it was discovered a large amount of goods was destroyed A quantity of lumber in the rear was burnt Loss not estimated

About the Gold.

The Boston Journal publishes the following from its N Y Correspondent —

"A letter has been received here by Messrs W H Cary & Co, from a relative at San Francisco dated December 23d, confirming fully the most extravagant accounts yet received He says he came to San Francisco with a cargo bought for $9 000, high prices at Sandwich Islands and he had sold it for $35 000 That he had sold $300 000 worth of goods, at large profits in three months, and he urges his friends to come out there, as there is gold enough for everybody On the new placer men were getting $700 per day in some cases, and of such purity that it scarcely needed washing"

☞ The Chief Justice of the Circuit and District Court of the District of Columbia, to whom under the laws of 1839 and 1836 the power to reverse or approve the decision of the Commissioner of Patents, have decided that Alexander Bain is entitled to a Patent for the combination which he has invented claimed and described in his specification and drawings

On Wednesday the 8th Duxbury arrived at Norfolk from Jeremie bound to Boston She put in for provisions having on board the crew of ship Rienzi of Boston, from Savannah for New York which was borne at sea on the 2d inst in lat 30 lon 76 The crew made a raft, upon which and which on boat they made their escape from the burning ship They were thus exposed till 6 o'clock on the morning of the 7th when the Duxbury fell in with them after they had been in that condition five days, and were passed by other vessels that did not notice them Great kindness was shown them by the captain and crew of the Duxbury

Terrible Crevasse at Iberville

A despatch from Baton Rouge of the 4th, to the N O Crescent, communicates the following information

"The river has broken through the levee in two different places, each 40 yards wide and about 150 yards apart The upper one is at Fawcett s ball room The Church Kirkland s Molaison s, Col Sewarts Smith s Patrick s plantations and others under water

There is at least eight feet in land from the river, and the greatest danger is apprehended — The Mayor of Baton Rouge has just returned from the scene, and says it is an awful sight! The crevasses must be in the parish of Iberville, below Baton Rouge, and on the opposite side of the river

☞ At the Temperance meeting on last evening the Hon Horace Greeley was unexpectedly introduced and delivered a highly interesting and instructive address This was a special treat to the large audience assembled on the occasion

The Mexican people complain that American armed forces had taken possession of villages and towns in the neighborhood of Chihuahua, in gross violation of the treaty of Guadaloupe

☞ The Washington correspondent of the New York Commercial states that Mr Hannegan has not been commissioned as minister to Prussia, and will not be

☞ Chicago has been visited by a terrible flood, which has destroyed an immense amount of property The damage done to commerce alone is estimated at over $100 000 Several lives have been lost, and the water was still rising

☞ Joseph T Nye of Saco has been confirmed in his appointment of Collector of Customs

Stanzas.

Now thy fitful life is over,—
Thou art sleeping—
Let the tearless insidens rave
Round them twilight house are creeping,
Evening shades will soon be sweeping
Some new grave

Peacefully in dreamless slumber,
Thou art resting
As we all must rest are long,
Whilst thy far off spirit's keeping
Watch with wateless stare, and weeping
O er its wrong

Wandering feet will ne er disturb thee—
Where thy grave is
Whispering maidens hurry by
These were not thy friends while living,
Still they pass on now, forgiving
With a sigh

Joyously as in thy childhood,
Still is twinkling
Thy loved streamlet by the spot
And its silver ripple straying
On the shore, seems almost saying
"Thou art not."

Now these trees are lightly folding
Spring is coming
With her green to deck thy grave,
But ere long will bring fresh flowers—
Peace to thy friends of whom bears—
Let them rest

From the far ancient groves
Summer's coming
O'er the blue Atlantic wave;
With her purpled south and showers
She will strew Spring's fading flowers
O er thy grave. J L H

Ayer's Cherry Pectoral,
For Coughs Colds Croup Asthma Hoarseness Hooping Cough Bronchitis and CONSUMPTION
The Remedy that Never Fails!
TRULY truth is stranger than fiction COME *SUMPTIVES, READ THIS*
Norwich Conn, April 26 1848
Dr J C Ayer—Dear Sir—Agreeable to your request of your agent we will cheerfully state what we have known of the effects of your CHERRY PECTORAL and they have been astonishing indeed Mrs Betsy Wheeler had been afflicted with a severe and relentless cough which reduced her very low so low that little hope could be entertained of her recovery She was induced to try your Cherry Pectoral. That and that alone has cured her George Wilkinson Esq, had to our knowledge been afflicted with Asthma for fifteen years and grown yearly worse until the Cherry Pectoral has now removed the disease, and he is as free from any of its symptoms as we are The Rev Mark Daniels had been so severely attacked with Bronchitis as to disable him from his public duties and nothing had afforded him relief until he (by Corning) carried him a bottle of your Pectoral which cured him at once and he now officiates as usual in his place These are the cases to which we have known it successful but one of which I We have great pleasure in certifying to these facts and are, respected sir your humble servants REV DAVID CORNING
Pastor of Preston Plains Church
HON JOSEPH CASTLES.
Rev Thos. Sen Pr Preston
Nothing has been offered to the public on which they can so surely depend for relief and cure as this elegant and truly wonderful preparation Indeed there is now every reason to hope an infallible Remedy has at length been found for the scourge and terror of our climate—Disease of the Lungs
